

FourSat Kish

New Generation Lithium Battery

12.8V

9 - 12 - 18 - 30 - 50 - 100 - 150 - 200 Ah

Safe & Reliable

- Adopts lithium iron phosphate battery cell, higher safety and longer life.
- Integrated battery management system (BMS), multiple protection functions.

Flexible & Easy operation

- Simple Installation
- Compatible with UPS

High & Low temperature adaptable

- -20~+55°C wider operating temperature range, easy to adapt to a variety of environmental challenges.
- indoor and outdoor installation.

Economical & Efficient

- Support 1C fast charging technology, full charge energy in just 1 hour.
- Dramatic increase in energy density, only 1/3 the weight of lead-acid batteries.

Specifications

Model	Nominal Voltage (V)	Nominal Capacity (Ah)
FP- LFP12.8V9Ah	12.8	9
FP- LFP12.8V12Ah	12.8	12
FP- LFP12.8V18Ah	12.8	18
FP- LFP12.8V30Ah	12.8	30
FP- LFP12.8V50Ah	12.8	50
FP- LFP12.8V100Ah	12.8	100
FP- LFP12.8V150Ah	12.8	150
FP- LFP12.8V200Ah	12.8	200
